

Project Olympus CONNECTS SCS & Tepper Students

Monday, February 23, 2009
5:30-7:00 pm

Newell Simon Hall 3305
Carnegie Mellon University

Pizza & Refreshments

Identifying and screening promising business ideas

Learn how to:

- Identify potential business ideas through "ideation"
- Quickly screen ideas to pick the most promising

Bring your ideas, large and small.

We'll break up into small groups and practice the techniques on the ideas that everyone brings. Who knows – you may find a great idea and teammates at the same time!

Special Guest Speaker

Kit Needham

Senior Business Analyst, Project Olympus

Project Olympus is a new initiative designed to create a **climate/culture and community** that will enable talent and ideas to grow in the region.
